

The Evil That Lurks Within AKA Rose Marie Adams

Whether you know her by

Rose Marie Adams
Rose Marie Beutler
Rose Marie Landers
Rose Marie Moon

Chances are she has brought immeasurable misery to your life, or to the life of someone you know.

This is dedicated to those who's lives she has ruined living and dead.

Rose Marie Adams Landers Moon Beutler just some of the many names she uses but whatever it is that you know her by, I can guarantee that she has caused nothing but heartache and drama. That is what she thrives on...

In a nutshell this is what this woman is about:

- 1) She has lost 2 sets of children to the state at different times, all for beating and abusing them
- 2) She has over 19 evictions in this state alone. She has not lived in a home in 20 years that she has NOT been evicted from
- 3) She currently has 15 to 17 dogs living in filth being abused. (As of this writing she had 14 animals removed from her care)
- 4) She was convicted of child assault on one of her own children.
- 5) She sold one of her kids in Florida
- 6) She claims her "work" is sanctioned by HSUS, CAPS and Best Friends
- 7) 3 Seniors have died after being in her "care" in the last decade, she left George's mother laying on the floor for around 36 hours, and the two other had "medication mix ups"
- 8) She has over 33 restraining orders on people
- 9) She has over 60 criminal charges from theft forgery assault of a minor etc...

- 10) She is was frauding PUD by claiming she lives with her daughter for lower energy rates
- 11) She lies and calls CPS on everyone she comes into contact with I was there when she called once on someone named Brandon.
- 12) She had her son signed up for Social Security Benefits for years and he never knew because she kept the money.
- 13) She works with the City of Everett Animal Control to get people's animals taken away by lying and she is such a good liar that she makes a great witness. She does NOT miss a beat in any of her lies.
- 14) She harasses people by posting any shred of information she can get on them without mercy so this page is dedicated to her and to all of the people she has tortured over the last almost 3 decades

I have documentation for everything on these pages or else I would not say it, so if you see something I have said without a document then it is just because I haven't added it and I am adding more daily as time permits but this woman's past is so disgusting that it takes time to figure out what I am going to post: I have 3 containers full of documents about her, some I got but most were sent to me by people who's lives she has tried to destroy, and some she did. Please keep in mind that there are many innocent victims involved in this and it takes some debate before I add some of the stuff...

My History with this woman....

Rose Adams was facing 6 gross misdemeanors for her dogs attacking someone, for having too many dogs and for them not being licensed. At that time I had moved out of my place and our other place was not ready so I went to stay with her off & on for 17 days, days which I will regret for the rest of my life. By "staying there" I mean I would go back & forth between her house & my car because I had my own dogs with me. She had 2 vicious dogs there so I was not about to let my dogs around her or in her house because her dogs had fleas & tapeworms so badly that they actually had the worms crawling of their rectum. At one point those 2 dogs got into a fight & it took Rose, George, her adult son & myself to tear them apart. I also witnessed one of those dogs kill her cat, but the cat didn't die right away, she refused to take him to the vet, he died in my arms & she threw him in a box outside of her door for a couple of days before they did anything with him.

I created a [webpage](#) to chronicle my case because it became so convoluted that I knew if I told people my story they would think I was certifiably insane so the webpage was a way to prove what was going on to share documentation for other folks going through the same thing & so people would know I wasn't lying or crazy. I had a page called [Lack of Character of my Accusers](#), but I found so much more info on Rose that I decided this afternoon (4/21/2013) once I found out she was posting on craigslist once again about me that this whole thing had become too much. Her crazy is something you can't comprehend on just one page so she has her own website now & the sickest part is that she will be so happy about it... just to have the attention. She will not see it for what it is, she will use this to garner sympathy, but she *will* direct people to this page to point out what a victim she is, she will not be ashamed of anything these pages

contain because she sincerely believes that everything here, everything that has happened in her life, is someone else's fault.

This is about FAR MORE than just a crazy woman, there are helpless animals & children involved in this, there are people whose lives she has ruined, & then revelled in the wreckage. She is a classic narcissist, for those of you who do not understand what it is like to be held victim or be dependent on these kind of people you *need* to read this article, it has given me at least a vague understanding of what motivates her rage, hatred & utter destruction of everyone & everything around her. I have read many articles, even books trying to figure out what could make someone so hateful & brutal, this article defines it but reaches home for the parents, children, spouses of anyone being held emotional hostage by this type of individual

[Characteristics of Narcissistic Mothers](#)

WARNING: A person with narcissistic personality disorder tends to become depressed when their feelings are badly hurt, when their defenses have let them down and when they believe their world is collapsing. When wounded, they are at the greatest risk of acting out, either against themselves or others. A person experiencing a narcissistic rage may become homicidal, particularly if they have a need to seek revenge. Because of the intensity of the narcissist's emotions, anyone involved with this type of person needs to deal very carefully with this anger and avoid a power struggle. Do not go out of your way to antagonize this woman, she is very manipulative & if she can't hurt you she has others she has been abusing for years she can & will send after you. The best thing to do if she is attacking you is to make authorities aware of her mental history, & of her mental abuse & illness. Once a state, county or city employee is aware of her modus operandi, they are less likely to believe what she says. I would advise if she has engaged you in any kind of a legal battle to simply point others to this page so they can see it all laid out in plain sight.

Hypocrisy At It's Finest

This is just to illustrate what a TRUE SOCIOPATH that Rose Adams is: She claims to have gathered most of the info for the Renee Roske puppy mill bust, which is NOT true.

This will give you chills when you stop to realize just how convincing she can be.

LISTEN to the words she says as she is being interviewed and watch her eyes:

“I don't think that's fair to the community, I don't think it's fair to the animals. The animals had to live in cages. Why shouldn't she have to sit in a cell for a year along with her husband. Those animals were treated like they were nothing, like they were garbage and you wouldn't treat your child that way. Why would you treat your animals that way?”

Gold Bar couple gets 1 year in animal abuse case

BY MARLEE GINTER & KOMO STAFF | MONDAY, JANUARY 25TH 2010

EVERETT, Wash. -- The couple accused of starving, dehydrating and suffocating at least six animals while working at a kennel in Gold Bar has been given the maximum sentence allowed.

Jason and Serenna Larsen were each given a year in jail for each of their six felony counts. However, they will be allowed to serve all six sentences concurrently, which effectively reduces their sentences to just one year each. And Serenna Larsen will serve her time on work release.

In addition, the Larsens must pay roughly \$3,000 in penalties and more than \$30,000 in restitution.

In court on Monday, some were simply stunned by the sentence.

"I don't think that's fair to the community. I don't think that's fair to the animals," said Rose Adams, who gathered most of the evidence against the Larsens. "The animals had to live in cages. Why shouldn't she have to sit in a cell for year along with her husband?"

Home video obtained by KOMO News showed 150 dogs - many of them puppies - starving and crammed into cages at a home in Gold Bar. Animal control found six puppies dead in a freezer.

"Some of the feces were piled so high, the probable cause affidavit indicates the dogs were able to use it to jump from one pen to the other," a prosecutor said.

In interviews with investigators, the Larsens said they been

She also seems to love talking to herself on her blog, no one responded or posted but she posts as if she has 100's of commenters... There were none.

TO ALL THOSE COMMENTING ON SIERRA FISH & PET

I am an experienced animal advocate and puppy mill investigator. My work is sanctioned by the HSUS, the ASPCA, BEST FRIENDS, LAST CHANCE FOR ANIMALS and CAPS, I have also worked with law enforcement on animal cruelty cases. I think it is great that those posting probably really do care about animals and we really appreciate that, we need more like you. Having said that, please pay close attention; this is quick course in puppy mills.
